The College will ensure that all applications for the Bursary Fund are considered on the same basis irrespective of age, race, ethnicity, religion, disability, gender, marital status, sexual orientation, belief or faith.

This policy applies to all students on HE programmes of study subject to meeting eligibility criteria as detailed in this policy and as required by the funding bodies.

Introduction

Myerscough College – Higher Education Bursary Fund

The Myerscough College HE Bursary Fund is open to students from low income households who are not in receipt of a scholarship. Successful applicants will be awarded a bursary, bursaries will vary and will be tailored to those in greatest need, the maximum award will be £2,000 (pro-rata amount for part time students studying a minimum of 25% intensity of the full time equivalent). Students will be able to select how they would like the funds to be allocated through a financial bursary and/or discounted accommodation, course equipment, food and travel or other similar institutional services. Bursaries will be targeted at students from low income households with a declared income of less than £25,000 to ensure students with the greatest need receive the maximum award.

A limited number of bursaries are available and will be awarded to those with the greatest need, meeting essential eligibility criterion does **not** equate to an entitlement to a bursary. This is a one-year benefit, not a recurrent annual entitlement, annual applications must be submitted.

Students must:

- be enrolled on an Undergraduate course
- have declared household income of less than £25,000 (inc benefits)

Funds are limited therefore eligibility as per the above criteria does not guarantee an award

- Awards to students will be towards tuition costs, accommodation costs, travel costs, food, books and equipment or other similar institutional services
- All awards will be on a pro-rata basis for students who start late or finish early
- Students must comply with the Student Code of Conduct and ensure they attend, behave and complete assignments on time. Payments will be withheld / withdrawn from students who do not comply
- Any student found to have submitted a fraudulent application will be subject to action under the student disciplinary code
- Should family circumstances change students are able to submit revised applications, new applications are also permitted. However, it must be stressed that the fund is limited and when it has been fully committed no further allocations will be considered

There are a number of categories of students who are not eligible for the Bursary, irrespective of their income levels

- Students undertaking a postgraduate initial teacher training course leading to qualified teacher status
- Students undertaking a postgraduate qualification
- Part time students studying less than 25% intensity of full-time equivalent
- Any other student whose fees are paid or part-paid through a sponsorship arrangement
