13. Data protection – The Careers Team adheres to the college's Data Protection Policy. You can read the college's privacy notice here: <https://www.myerscough.ac.uk/privacy-policy/> The Careers Team will only share your personal data with another person, or organisation where the law allows, or requires us to, and we consider it to be appropriate under the circumstances, or you request us to. We may also disclose your information to other organisations, so that they can provide services on our behalf. For example, we work in partnership with Future U (Lancashire) and Hello Future (Cumbria). These organisations are part of 'Uni Connect' – a government led programme that works with providers to offer activities and advice on the benefits of going to HE. You can view the privacy notices about how these organisations use your data on footer of their websites. <https://lancashirefutureu.org.uk/> and <https://www.hellofuture.ac.uk/> We also may invite other organisations into college to provide careers guidance to students, such as the National Careers Service and New Directions. We do not share any information about you prior to these appointments. You may decide to share information with them during your discussions. These organisations will have a Privacy Notice that explains how they process your data.

My Future Careers Offer

Higher Education Entitlement

1. Students all have access to the MyFuture HE Careers Learning Programme of Activities. Supporting resources are available on Canvas VLE. Modules include:
 - Identifying and Developing Skills (Including Myerscough Award)
 - Gain experience
 - Applying for jobs / further study
 - Wellbeing and employment
2. HE students can link with UCLAN's CareerEdge resources. The UCLan Careers Service CareerEdge can be accessed using the following link: <http://www.uclan.ac.uk/students/support/careers/index.php> (Links to an external site.) Myerscough students need a UCLAN login to access CareerEdge. The password will come to their UCLan email address. We recommend that students to set up an auto forward to their Myerscough addresses so they do not miss emails that go to their UCLan email address.
3. On-line Appointments can be booked to see the Careers Advisers based at the UCLan Preston campus. At UCLan Careers, they offer a one-stop service to help students progress to a successful future. Whatever stage of study they are at, or whatever their future aspirations are, they can help. They are a friendly, professional and experienced team with expertise in a wide range of areas. Please take advantage of all the services they offer. You can get in touch with the UCLan Careers Team on 01772 895858
4. A L6 Careers Adviser based in the Careers Zone, Preston can provide 1-1 support relating to:
 7. Postgraduate application help
 8. Long term Career Planning
 9. Employability processes (job hunting /application / recruitment / self-presentation)
5. HE students can access 1:1 guidance from the National Careers Service. <https://nationalcareers.service.gov.uk/>
6. The Myerscough Award – this award gives value to the activities you undertake alongside the programme you are studying. It supports you to evidence your employability skills and will enable you to stand out to employers. As the Myerscough Award is voluntary, it demonstrates your work ethic and motivation to go above and beyond.
7. Data protection – The Careers Team adheres to the college's Data Protection Policy. You can read the college's privacy notice here: <https://www.myerscough.ac.uk/privacy-policy/> The Careers Team will only share your personal data with another person, or organisation where the law allows, or requires us to, and we consider it to be appropriate under the circumstances, or you request us to. We also may invite other organisations into college to provide careers guidance to students, such as the National Careers Service. We do not share any information about you prior to these appointments. You may decide to share information with them during your discussions. These organisations will have a Privacy Notice that explains how they process your data.
