Information for Parents/Guardians

Supporting your child/dependant in making career decisions is a key part of supporting their transition into adulthood, and it is widely recognised that parents/guardians are the most influential force in a young person's career decision making process.

Knowing where to find information will support you in understanding all available routes and key Labour Market Information, so career conversations are well informed and productive.

[Talking Futures](#) has a suite of resources to help parents/guardians have constructive careers and education conversations with their children/dependants.

[National Careers Service](#) provides information on the labour market including, job profiles and live vacancies for apprenticeships and jobs.

[iCould](#) has video content to help young people explore different job roles.

[UCAS Parent Information](#) provides advice, hints and tips to help your young person through the application process.

[Apprenticeships](#) contains resources to support the exploration of apprenticeship pathways, including a vacancy search tool.

Careers in Curriculum

Whilst at Myerscough, your child/dependant will participate in a range of exciting opportunities to develop knowledge, skills and behaviours relevant to their chosen sector. Our expert teaching teams work closely with employers and stakeholders to create engaging and inclusive learning experiences which provide a strong foundation for a variety of rewarding careers. Workplace visits, employer masterclasses and high-quality work experience provide students with valuable insights into industry practices, helping them build practical skills, expand their professional networks, and enhance their employability upon completion of their studies. More information on this can be found in the Our Careers Programme section of this site.

Personal Guidance Appointments

During their time at Myerscough, your child/dependant will be encouraged to book an appointment with our Careers Team, to access professional careers guidance on their next steps. Students can book an appointment at any time by going to the online booking page on the careers section of Canvas. In-person and online appointments are available Monday-Friday, 9am-4pm, and we encourage you to attend appointments in order to provide ongoing support to your child/dependant, encouraging them to reflect on discussions and complete their careers action plan.
