The course provider will:

- a) Provide work books, access to a virtual learning environment and assessment documents as per the unit detail.
- b) Mark all work within a three week deadline.
- c) Provide support to the student and practice as required.
- d) Detail the practical assessments which must be undertaken and provide support to the mentor on how to assess them.

The Veterinary practice will:

- a) Provide a qualified member of the team to act as a mentor to the student.
- b) Provide time to allow practical assessments to be undertaken in a safe environment.
- c) Allow a member of the Myerscough team to visit for quality assurance purposes to validate assessment decisions.
- d) Provide a minimum one day per week as training auxiliary role for the student. Either as a voluntary placement or on an employed basis.
- e) Ensure students & learners who have work placement or are employed as part of their course of study receive an effective opportunity to learn whilst at work, and gain first-hand experience of the subject they are studying. Both the college and employer must place high priority on ensuring that the work placement is a healthy & safe environment and one in which students and learners are safeguarded against potential risks in employment at the Veterinary Practice.
