Combined Training Rules

The dressage and jumping phases, which make up this competition, must be ridden in that order. The same horse and rider combination must complete both phases, and elimination from one phase involves elimination from the whole competition.

Scoring The marks for the dressage phase are totalled in the normal manner. Any faults incurred in the jumping phase are deducted from the marks awarded for the dressage phase.

Equality If the final score gives equality of marks to 2 or more competitors, the result is decided by the highest marks for the dressage test. If there is still equality, the fastest time in the jumping test determines the result.

Saddlery Dressage – According to BD rules
Jumping – According to BS rules
