

EQUINE BEHAVIOUR FORUM SCIENTIFIC SEMINAR

The 2018 Seminar will be held at Myerscough College, Lancashire.
on Saturday 29th September from 10.30 am – 4.30 pm.

Speakers:

Rachel Bedingfield from Connection Training will be continuing our exploration of emotion with a talk amplifying the work of Jaak Panksepp and other neuroscientists along with equine ethology and expression of emotions. She will go on to show the relevance of this to helping your horse to feel calm, happy and playful whilst learning.

Dr Andrew Hemmings, Principal Lecturer in Animal Science, head of Academic Centre- Equine Management and Science Royal Agricultural University Cirencester, will talk about a strategic approach to training and management using behavioural indicators of brain activity.
