

Level:	Advanced Apprenticeship (Level 3)
Typical Duration:	24 Months
Delivery Model:	Work-based
Delivery Location:	Nationwide
Start Date:	Throughout the Year

Introduction to the Programme

The Advanced Golf Greenkeeper encompasses various job titles and technical specialisms. The apprenticeship is designed to provide the greenkeeper with the skills and knowledge to operate at an advanced level where supervisory and/or specialist technical and agronomic skills are required.

Upon completion the advanced greenkeeper will have the necessary skills to supervise the greenkeeping team and the maintenance of the golf course, in the absence of the Head Greenkeeper/Golf Course Manager, and will assist in the planning, supervising and implementing the maintenance, care and overall appearance of a golf course in line with the employer's requirements.

Duration

The apprentice would typically take 24 - 30 months to complete their education and training to become fully competent. However, this may be reduced if an apprentice has already gained knowledge and skills working on a golf course in a supervisory and technical role

All apprentices will spend a minimum of 12 months on programme.

Entry requirements

Minimum of 4 GCSEs at grades A-C/4-9 including maths and English OR a Vocational qualification Level 2, plus GCSE grade C/4 in both maths and English & Must have a supervisory role within own organisation (or given the opportunity to).

NB: English & maths Functional Skills Level 2 will be accepted as an alternative to GCSEs.
Employers may also set their own specific requirements for entry onto this programme.

Costs

Costs will be dependent on several factors such as age of apprentice and size of employer. The cost may be reduced if the apprentice has already gained knowledge and skills working in this sector.

Please contact us for more information.

Delivery Location

Delivery is work-based using blended learning technologies on the employer's premises.

This will be supplemented by a series of technical training days held at a suitable location across the duration of the apprenticeship.

There is an expectation that 20% of the working week will be off the job training, which is a legal requirement.

Knowledge, Skills & Behaviour gained

Throughout the programme, apprentices will work towards gaining the following knowledge, skills & behaviours:

Skills

An Advanced Golf Greenkeeper must be able to:

- Report on the condition of the golf course to the Golf Course Manager and employer.
- Allocate work and supervise the greenkeeping team in accordance with agreed maintenance plans.
- Supervise the preparation of the golf course in accordance with the Rules of Golf.
- Survey, collect, record and interpret data on the golf course including soil and water analysis.
- Promote good environmental practice on the golf course.
- Evaluate, plan and prepare and set out sites for renovation on the golf course and the clubhouse surrounds.
- Supervise, plan maintenance, construction, repair and renovation projects on the golf course and clubhouse surrounds.
- Estimate resource requirements and programme turf maintenance work on the golf course, in accordance with the course policy document.
- Prepare, establish and maintain golf course playing surfaces.
- Supervise and carry out the preparation, maintenance and storage of machines for use.
- Supervise and undertake the operation, maintenance and servicing of irrigation and drainage systems.
- Plan and supervise the control of weeds, pests and diseases on the golf course.
- Promote, monitor and maintain health, safety and security of self, team, others on the golf course and within the maintenance facility.
- Carry out risk assessments on the golf course and maintenance facility.
- Contribute to the development and implementation of the maintenance budgets.
- Communicate information to greenkeepers, management and golfers, utilising formal and informal methods.
- Supervise meetings and brief of the greenkeeping team.

- Assist with the training and mentoring of the greenkeeping team.
- Use information technology to assist with effective communication and record keeping.
- Manage their own Continuing Professional Development.

Knowledge and Understanding

An Advanced Golf Greenkeeper must have the following technical knowledge:

- An understanding of key health, safety and environmental legislation and regulations to ensure a safe working environment for self, team and others, on the golf course and in the maintenance facility.
- Common aspects of soil and plant biology to promote best practices to produce sustainable playing surfaces.
- How to plan and implement maintenance, improvement and renovation programmes for the golf course making the optimum use of human and physical resources available.
- How to install, service and operate maintain an irrigation and drainage system.
- How to operate software systems to ensure effective communication and record keeping.
- The importance of data collection and interpretation to ensure sustainable quality playing surfaces.
- Be aware of the importance of the Rules of Golf, golf course etiquette and how they impact on the playing of the game of golf.
- How to promote the importance of customer service to the greenkeeping team.
- Identify the appropriate form of communication (written, verbal, electronic) and evaluate the best solution for different circumstances.
- The importance of good working relationships; needs of others, and equality and diversity of others at the golf facility.
- Understand all environmental and ecological best practice to maintain a sustainable golf course.
- The importance of personal and professional development.
- Identify weeds, pests, diseases and disorders and the most effective treatment method and the importance of record keeping.
- How to plan and implement machinery maintenance programmes and its impact on turf maintenance.
- How to prepare and host team meetings and the key fundamentals of effective presentations.

Behaviours

Golf club employers are very customer focused and require their staff to have a set of personal skills and behaviours that will ensure success in their current and future roles as an individual and in meeting the company's aims and objectives.

The behaviours required by golf club employees are:

- Ensure a strong work ethic including pride in work, attention to detail, integrity and good time management.
- Have a flexible, positive attitude to work.
- Ability to work as a lone worker and as a member of a team.
- A willingness to learn and contribute to their own continuing professional development.
- Ensure a safety mindset for self, colleagues and golfers.
- A clear and effective communicator who can use a variety of communication methods to give/receive information accurately and in a timely and positive manner.
- Problem solving and effective decision-making.
- Represent the golf club in a professional manner at all times.
- Recognise and deliver good customer service.

End Point Assessment

At a point where employer, tutor and apprentice feel is appropriate, apprentices will undertake an end point assessment, which is carried out by a separate approved organisation, independent from Myerscough College.

The end point assessment will consist of 3 discrete assessment methods:

- Written Examination
- Professional discussion carried out during a course walk underpinned by a portfolio of evidence
- A series of practical observations

Performance in the EPA will determine the overall apprenticeship standard and grade of: Fail, Pass, Merit and Distinction

In the unlikely event of an apprentice needing to resit an End Point Assessment (or elements of the End Point Assessment), then the employer will be responsible for funding these additional costs.

You will also be required to achieve the following additional qualifications prior to end point assessment:

Level 2 Award in Safe Use of Pesticides (PA1), along with either PA2 (Boom Sprayer) or PA6 (Hand Held Applicators) or equivalents as detailed on:

http://www.hse.gov.uk/pesticides/resources/R/Recognised_certificates.pdf

Progression

This standard is recognised by the British & International Golf Greenkeepers Association (BIGGA), the Professional Body for Greenkeepers. At the start of the apprenticeship the apprentice will be registered with BIGGA. Upon completion of this standard the apprentice will be eligible to join BIGGA as a full member and become a BIGGA Accredited Greenkeeper.

The successful apprentice will have the opportunity to progress on to a higher-level apprenticeship standard, if the role allows. For example: Course Manager Higher Apprenticeship Level 5.

Job opportunities may also be enhanced for those apprentices who have completed the programme with promotion to more senior positions within a golf club facility or the option to progress by working in other sports facilities such as a Grounds Maintenance Operator/Technician.

How to apply

In order to start the enrolment process, we need an **Online Application Form** to be completed & submitted. You can do this by contacting the Employer Services Team.
