Myerscough's Higher Education programmes rated Silver by Teaching Excellence Framework

The award has been made by the Teaching Excellence Framework (TEF) in recognition of the quality of provision in Myerscough's foundation and full honours degree undergraduate study programmes.

The TEF Panel judged that both the student experience and student outcomes at University Centre Myerscough are typically very high quality. Further, the panel agreed that Myerscough's approach to supporting students in their success and progression was outstanding.

Detailed course factsheets are available from www.ucmyerscough.ac.uk or by calling **01995 642222**

Tuition Fees

The tuition fees for degree courses starting in September 2026 will be published on the Higher Education finance pages of the website. As a guideline, the fees at University Centre Myerscough for all new UK students who started on Higher Education degree courses in 2025 were as follows:

Foundation Degrees £9,535 per year
Honours Degrees £9,535 per year

Brilliant campus, superb facilities and a great location!

The campus at Myerscough's main centre in Preston is quite simply amazing. Set in 600 hectares of open, green surroundings, Myerscough College offers all the facilities you could need for a great time – a great social life, state-of-the-art sports academies and comfortable, easy-going accommodation.

We've recently invested upwards of £30 million on campus developments, providing new sports and changing facilities, new dining facilities, a new mechanisation and engineering centre and a dedicated Rural Skills centre. What's more, you're in easy reach of all the shopping and nightlife that nearby Preston, Lancaster and Blackpool have to offer. If its fresh air you're after, the surrounding countryside (plus the Lake District, just up the M6) offers unlimited mountain-biking and outdoor sports opportunities.
